

Digital Theatre+ Accessibility Conformance Report

International Edition

(Based on VPAT® Version 2.5Rev)

Name of Product/Version: Digital Theatre+

Report Date: May 2026

Product Description: The Digital Theatre+ product is an educational website (<https://edu.digitaltheatreplus.com>) providing video, audio, image, text and PDF media covering a wide variety of theatrical productions and related education topics.

Contact Information: accessibility@digitaltheatreplus.com

Notes: Digital Theatre+ does not provide any software, closed functionality or authoring tools. The product has been evaluated for WCAG 2.2 Level A and Level AA, Revised Section 508, and EN 301 549. Level AAA criteria are reported as Not Evaluated. Where relevant, the Remarks and Explanations column distinguishes the conformance of the Web application from the Electronic Documents (primarily PDF study materials) it delivers, because the underlying issues and remediation timelines differ.

Evaluation Methods Used: An external accessibility audit was commissioned in October 2025 and carried out by Tetralogical, an independent accessibility consultancy, against WCAG 2.2 Level AA. A remediation plan has been developed and implementation is underway; as of April 2026 a significant portion of the web-application findings has been resolved. Findings are also verified through internal manual and automated reviews by the Digital Theatre+ Product Development team using browser developer tools in Firefox and Chrome, Lighthouse for automated performance testing, axe for code analysis, and macOS VoiceOver for assistive-technology testing.

Chapter 3: [Functional Performance Criteria \(FPC\)](#)

Notes:

Criteria	Conformance Level	Remarks and Explanations
302.1 Without Vision	Supports	The website uses standard HTML and WAI-ARIA to describe name, role and value of interface elements. See WCAG 2.x section for detailed conformance information; the October 2025 audit identified open items affecting screen-reader users that are reflected in the WCAG remarks (notably 1.1.1, 1.3.1, 2.4.x, 4.1.2).
302.2 With Limited Vision	Supports	The website supports use of browser zooming, magnification, removal of visual styling, colour and contrast adjustments. See WCAG 1.4.4, 1.4.10, 1.4.11 in the WCAG 2.x section.
302.3 Without Perception of Color	Supports	Colour is not used as the only means of communicating information or purpose. See WCAG 1.4.1 (one open audit item where focus is indicated using colour alone).

Criteria	Conformance Level	Remarks and Explanations
302.4 Without Hearing	Partially Supports	Approximately 96% of videos with spoken word have English-language captions available, which can be enabled using the 'CC' control. A small number of audio productions have transcripts; most do not, and audio descriptions are not provided for video. See WCAG 1.2.1, 1.2.2, 1.2.3, 1.2.5.
302.5 With Limited Hearing	Partially Supports	Caption controls are available via the 'CC' button in the player; volume can be adjusted using standard browser/OS controls. The same captioning/transcription gaps noted for 302.4 apply here.
302.6 Without Speech	Not Applicable	The product does not require speech input.
302.7 With Limited Manipulation	Partially Supports	The website may be used with standard input mechanisms and does not require the user to exercise fine motor control, simultaneous interaction or prolonged interaction. However, the October 2025 audit identified specific controls that can currently only be operated with a pointer device (close icon, resize control, password-visibility control, media controls, pop-out video player movement). See WCAG 2.1.1, 2.5.7.

Criteria	Conformance Level	Remarks and Explanations
302.8 With Limited Reach and Strength	Not Applicable	The product is a website with no physical reach or strength requirements; user environment hardware is out of scope.
302.9 With Limited Language, Cognitive, and Learning Abilities	Supports	The website provides features to make its use by individuals with limited cognitive, language and learning abilities simpler and easier (consistent navigation, labels, help, search, error suggestions). See WCAG 3.2.3, 3.2.4, 3.3.x.
